### Mr Gold, the gnome

By hiring the venue, companies are able to align their brand, products and message with a unique and much-loved cultural attraction.

This gold pottery gnome, which is on display at the Museum, was created by Italian design company, Seletti. The recognisable, sometimes kitsch image of the everyday gnome has been transformed by Seletti's signature design, becoming a luxury, sought-after item.

## THE GARDEN MUSEUM

Situated on the banks of the River Thames, opposite the Houses of Parliament, the Garden Museum is dedicated to the art, history and design of gardens and is available for a range of corporate events.

Ideally located a short walk from three separate London Underground stations, the Museum is a perfect venue to attract your guests and clients, offering them something unique and memorable in stunning surroundings.
